

Pilot / Controller Open Forum Talk to ATC!

Air traffic controllers from the Long Beach Tower National Air Traffic Controllers Association (NATCA) will be hosting a pilot/controller town hall Q&A session. Topics include: Recommended practices while in the air and on the ground. What to expect during the Runway 25R closure period. Explanation of helicopter flight paths for the fixed wing pilot. Communicating your intentions when executing VFR and IFR practice approaches. How you and your instructor can help out ATC. Why ATC says the things they say. Open floor Q&A. (possibly) Presentation by Southern California TRACON controllers

Directions: All FAA Safety Classes are held on the 3rd Floor.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
